

Angusti™ Pure Lupin Oil

Lupin Oil Cosmetic Applications – FACIAL OIL

ANGUSTI™ Pure Lupin Oil offers a naturally balanced profile of linoleic and oleic fatty acids, helping to nourish and support the skin's natural barrier while promoting a hydrated, radiant-looking complexion.

As a high-quality, cold-pressed oil, ANGUSTI™ Pure Lupin Oil contains naturally occurring antioxidants and bioactive compounds that contribute to skin conditioning and soothing benefits.

A natural source of phytosterols, including beta-sitosterol, campesterol, and stigmasterol, lupin oil helps support skin hydration and comfort, contributing to a smoother and more resilient appearance.

Suitable for use as a facial oil or serum, lupin oil delivers lightweight emolliency and antioxidant support, helping to improve suppleness and soften the appearance of fine lines.

Formulation	Quantity	Combine with your favourite essential oils such as Bergamot and Geranium for added benefits, such as emotional calm and improved mood.
